

FAQ - Frequently Asked Questions

How to get SCAN Materials

Why can't I access the storefront?

It typically takes 2-4 days to gain Storefront access once you've become active to sell SCAN and you may not be entered into the system as a new agent. Also, make sure you are using the same email address you used to register with SCAN.

What if I forget my password?

1. Click on "Forgot Password or Username"
2. Enter your email in the username field and click "Send"
3. You will receive a temporary password via email from the SCAN Storefront titled "SCAN Forgot Password".
4. Return to the log-in screen, enter your username and the temporary password
5. Once you have logged in, you will be promoted to create a new password. Do so by entering your temporary password in the "Current password" field and create a new password in the "New" password field, confirming it in the second.
6. Click "Change Password"

How do I add sales events to a flyer?

You must first review the "Sales Job Aid CMS Event Reporting" document you received from your SCAN BAE. This guides you through the process of registering your events with SCAN through CMS. Once approved, the events will be uploaded to the storefront for you to include on any event flyer layout.

NOTE: Under no circumstance are you allowed to change, edit, or manipulate the content of any SCAN produced flyers.

How can I update or change my personal information (name, mailing address, or phone)?

To update your personal information, click the "Edit Profile" icon on the upper right corner of the page. Or, contact the SCAN Sales Support Team. It may take 1 to 2 business days to be corrected in the system.

Can I add more than one phone number or my photo to materials/flyers?

Only a single phone number and a single photo are allowed.

What if I'm trying to order an item on the storefront and it's out of stock or not available?

Contact the SCAN Sales Support Team. They will be able to provide you with an estimated date when the item(s) you wish to order will be back in stock. We appreciate your patience.
